

BRIEF SUMMARY

I am a passionate and aspiring developer with hands-on experience in frontend technologies like React.js, HTML, and CSS. I possess a foundational understanding of Data Structures and Algorithms, enabling effective problem-solving. I am also interested in the field of Artificial Intelligence and continuously seek opportunities to explore and grow in this domain.

KEY EXPERTISE

ReactJs Html css Javascript Artificial Intelligence Front-End Web Development

EDUCATION

MIT Academy of Engineering, Pune

2022 - 2026

B.Tech. - Computer Engineering | CGPA: 7.03 / 10

Vidya Vikas School, Malkapur

2022

12th | HSC | Percentage: 86 / 100

School Of Scholars, Malkapur

2020

10th | CBSE | Percentage: 73 / 100

INTERNSHIPS

CODETECH IT SOLUTION PVT.LTD | IT / Computers - Software

05 Apr, 2025 - 05 May, 2025

Intern – Artificial Intelligence Markup Language

Key Skills:

Artificial Intelligence Markup Languages Team Collaboration Professional Communication Task Management Feedback Integration

Selected as an intern for a 4-week online internship (April 5 – May 5, 2025) focused on Artificial Intelligence Markup Language at CODTECH IT SOLUTIONS PVT. LTD. Responsibilities include completing assignments, participating in discussions, providing regular updates, and collaborating with team members to enhance practical knowledge and professional skills.

CISCO | IT / Computers - Software

01 May, 2024 - 01 Jul, 2024

networking intern

Key Skills: Cisco Packet Tracer

Internship Program in Cybersecurity from May to July 2024 with covering three certifications:

-Introduction to Cybersecurity Cybersecurity Essentials.

Introduction to Packet Tracer

Additionally, I completed a project focused on Cisco Packet Tracer, which was a great hands-on experience in understanding network security

PROJECTS

ClubRanker

01 Aug, 2023 - 01 Jul, 2024

Mentor: Mrs.Padma Nimbore | Team Size: 4

Key Skills: Python ,HTML CSS,PHP ,Flask

ClubRanker is a web-based platform designed to help new college students choose clubs by ranking them based on various factors like activity, popularity, and member feedback. This provides incoming students with a clearer understanding of which clubs align best with their interests.

Technologies Used:

HTML & CSS: Structured and styled the frontend to create an accessible, user-friendly interface.

Flask & PHP: Flask handled the main application routing, while PHP was used for backend scripting and data management.

Python: Assisted with backend processing and ranking algorithms.

Key Features:

Comprehensive Club Rankings,User-Friendly Interface,Backend Data Handling

Freight Transport System Using Blockchain

Team Size: 4

Key Skills:

Blockchain Technology

Smart Contract Development

IoT Integration for Real-Time Monitoring

Supply Chain Process Automation

Secure and Transparent Data Sharing

Decentralized Application Development

Web-Based Freight Tracking System

Cybersecurity for Data Integrity

System Design and Requirement Analysis

Prototype Development and Testing

Developed a blockchain-based freight transport system to enhance transparency, automate workflows using smart contracts, and enable secure, real-time shipment monitoring. Integrated IoT, improved logistics efficiency, and ensured data integrity.

POSITIONS OF RESPONSIBILITY

Social Media Organizer – 10x Club

Actively contributing as an organizing member of the 10x Club, with a key role in managing and growing the club's digital presence. Responsibilities include curating and scheduling content, designing engaging posts, coordinating with team members for event promotions, and enhancing overall community engagement through strategic social media initiatives. Focused on creating a strong online identity for the club and driving participation across platforms.

CO-CURRICULAR ACTIVITIES

- Completed 4-week online internship at CODTECH IT SOLUTIONS on AI Markup Language, focusing on practical skill development and collaborative learning.
- Organizer and Social Media Handler at 10x Club, managing digital outreach, promoting events, and contributing to community engagement.
- Actively learning Data Structures, Web Development, and Explainable AI through online courses, practical projects, and peer collaboration.

EXTRA CURRICULAR ACTIVITIES

- Contributed to organizing events and managing social media for the 10x Club, enhancing community engagement and digital presence.

PERSONAL INTERESTS / HOBBIES

- Passionate about music; enjoy singing and playing various musical instruments.
